What to Pack for Your Safari

Photography Gear

Camera with zoom lens, extra batteries, memory cards, binoculars

Clothing

Earth-toned clothes (avoid bright colors), light layers, hat, comfortable shoes

Protection

Sunscreen, insect repellent, first-aid kit, reusable water bottle

Accessories

Backpack, field guide, notebook, power bank, flashlight

Tips for the Perfect Safari

1

Timing is Everything

Book morning safaris (6-9 AM) for best wildlife activity; afternoon safaris (3-6 PM) for golden light photography

2

Secure Permits Early

Reserve safari permits 90-120 days in advance, especially for peak season (October-May)

3

Best Season

Visit between October-June; avoid monsoon months (July-September) when many parks close

4

Hire a Naturalist

Expert guides significantly increase wildlife spotting chances and enhance your learning experience
